

2016-2017 Sprayberry Jr. Jackets Basketball Season

I am asking you to consider partnering with our non-profit organization as a sponsor for the 2016-2017 Sprayberry Jr. Jackets 6th through 8th Grade **Girls** Basketball Program. We are in the process of rebuilding this middle school program and need your help. We strive to empower young athletes with a commitment for developing leadership, sportsmanship and athletic performance through competitive basketball. Our overall program includes teams for girls from 6th through 8th grade. Each grade level is led by volunteer coaches and parents who donate their time, energy, and financial resources to provide a quality program for area youth. These girls epitomize the value of hard work, having fun, and supporting their teammates. We expect to have between 30-45 girls between the 3 teams this year and would like to request your help in sponsoring one or multiple girls or the program in general. ***Would your company/organization consider sponsoring a girl or our program?***

How would your sponsorship help these young ladies? By becoming a sponsor, your financial gift will help make it possible for these girls to improve their basketball skills through training and competitive game participation, grow in their character by understanding the importance of team work and communication, as well as increase their confidence and leadership abilities on and off the court. The cost for each girl to play is \$350.00 and your donation will help to offset the costs for tournament participation, gym rental fees for practices and training sessions, uniforms, and referees.

Thank you in advance for your willingness to give back, as well as increasing awareness of your presence in our community.

Thank you for your time and consideration.

Sincerely,

Dana Headrick,

Booster Club President,
Sprayberry Jr. Jackets Girls Basketball

Junior Jacket Basketball

Thank you for considering a sponsorship agreement with the Junior Lady Jacket Basketball Booster Club.

Sprayberry High School administration along with Cobb County School System, are responsible for providing a safe and usable space for athletes to compete. This basic contribution, which is standard across the county, is primarily the extent of their support for our basketball program. All other features and benefits of the program, including supporting underprivileged boys and girls for the middle school teams, are made possible by funds raised and administered by our Booster Club. As a non-profit organization, the basketball booster club depends heavily on businesses in our communities support to supplement our financial needs.

Being a student athlete requires a commitment of time and effort to maintain academic success in the classroom, as well as, athletic success on the basketball court. Your contribution will help supply these student athletes with the tools necessary to achieve their athletic goals. Player game/practice uniforms, basketballs, gym floor maintenance, coach supplements, tournament fees and expenses and the year-end banquet and awards are representative of items within our basketball budget.
